U. S. Department of Agriculture,

DIVISION OF ENTOMOLOGY,

Washington, D. C., 188 .

U. S. Department of Agriculture

DEAR

In reply to yours of the , in reference to entomological documents, I would state that the following are out of print:

U. S. ENTOMOLOGICAL COMMISSION:

Bulletin No. 1.—Destruction of the young or unfledged Locusts. [*Caloptenus spretus.*] (1877.)

Bulletin No. 2.—On the Natural History of the Rocky Mountain Locust and on the Habits of the young or unfledged Insects as they occur in the more fertile Country in which they will hatch the present Year. (1877.)

Bulletin No. 3.—The Cotton Worm. Summary of its Natural History, with an Account of its Enemies, and the best Means of controlling it; being a Report of Progress of the Work of the Commission. By Chas. V. Riley, M. A., Ph. D. (1880.)

Bulletin No. 4.—The Hessian Fly, its Ravages, Habits, Enemies, and Means of preventing its Increase. By A. S. Packard, jr., M. D. (1880.)

Bulletin No. 5.—The Chinch-Bug. Its History, Characters, and Habits, and the Means of destroying it or counteracting its Injuries. By Cyrus Thomas, Ph. D. (1879.)

First Annual Report, for the year 1877.—Relating to the Rocky Mountain Locust and the best Methods of preventing its Injuries and of guarding against its Invasions, in pursuance of an Appropriation made by Congress for this Purpose. With maps and illustrations. (1878.)

Second Report, for the years 1878 and 1879, relating to the Rocky Mountain Locust, and the Western Cricket and treating of the best Means of subduing the Locust in its permanent Breeding-grounds, with a View of preventing its Migrations into the more fertile Portions of the trans-Mississippi Country, in pursuance of Appropriations made by Congress for this Purpose, with maps and illustrations. (1880.)

U. S. DEPARTMENT OF AGRICULTURE:

Report of the Commissioner of Agriculture for the Year 1879. (Contains the Annual Report of the Entomologist for the same year.)

Report of the Commissioner of Agriculture for the Year 1880. (Contains the Annual Report of the Entomologist for the same year.)

Report of the Commissioner of Agriculture for the Years 1881-'82. (Contains the Report of the Entomologist for the same years.)

Division of Entomology. Bulletin No. 2.—Reports of Observations on the Rocky Mountain Locust and Chinch Bug, together with Extracts from the Correspondence of the Division on Miscellaneous Insects. (1883.)

Of the following entomological documents a few still remain for distribution :

U. S. ENTOMOLOGICAL COMMISSION :

Bulletin No. 6.—General Index and Supplement to the nine Reports on the Insects of Missouri. By Charles V. Riley, M. A., Ph. D. (1881.)

Bulletin No. 7.—Insects injurious to Forest and Shade Trees. By A. S. Packard, jr., M. D. (1881.)

Third Report, relating to the Rocky Mountain Locust, the Western Cricket, the Army Worm, Canker Worms, and the Hessian Fly; together with Descriptions of Larvæ of injurious Forest Insects, Studies on the embryological Development of the Locust and of other Insects, and on the systematic Position of the Orthoptera in Relation to other Orders of Insects; with Maps and Illustrations. (1883.)

U. S. DEPARTMENT OF AGRICULTURE :

Special Report—No. 11.—The Silkworm; being a brief Manual of Instructions for the Production of Silk. Prepared, by Direction of the Commissioner of Agriculture, by C. V. Riley, M. A., Ph. D., Entomologist. (1st ed., 1879; 5th ed., 1885.)

Special Report—No. 35.—Report on Insects injurious to Sugar Cane. Prepared, under Direction of the Commissioner of Agriculture, by J. Henry Comstock, Entomologist. (1881.)

Division of Entomology. Bulletin No. 1.—Reports of Experiments, chiefly with Kerosene, upon the Insects injuriously affecting the Orange Tree and the Cotton Plant, made under the Direction of the Entomologist. (1883.)

Division of Entomology. Bulletin No. 3.—Reports of Observations and Experiments in the practical Work of the Division, made under the Direction of the Entomologist. With Plates. (1883.)

Division of Entomology. Bulletin No. 4.—Reports of Observations and Experiments in the practical Work of the Division, made under the Direction of the Entomologist, together with Extracts from Correspondence on miscellaneous Insects. (1884.)

Bureau of Entomology. Bulletin No. 5.—Descriptions of North American Chalcididæ from the Collections of the U. S. Department of Agriculture and of Dr. C. V. Riley, with biological Notes. [First paper.] Together with a List of the described North American Species of the Family. By L. O. Howard, M. Sc, Assistant, Bureau of Entomology. (1885.)

All of the more recent Annual Reports of the Department, with the exceptions previously mentioned, are still to be had.

C. V. RILEY,

ENTOMOLOGIST.
